All Paediatric Antiviral Medications will be dispensed via Public Hospital Emergency Departments

- You have received a prescription for medication that needs to be accessed from your local public hospital emergency department.
- To minimise any delays and to ensure your medication is ready to be picked up, you are encouraged to call your local hospital emergency department before presenting.
- Please arrange for someone to present to the emergency department on behalf of the sick person to pick up the medication.
- Please send the prescription to the hospital with whoever is picking up the medication for you.
- There is no charge for this medication.

Thank you
