

DON'T BE LATE TO VACCINATE!

If you're late your baby might **MISS OUT** on their oral rotavirus vaccine.¹

Baby's Date of Birth

Baby's Name

2

MONTHS OF AGE – 1ST DOSE

Appointment Date

MUST vaccinate by the end of 12 weeks of age²

4

MONTHS OF AGE – 2ND DOSE

Appointment Date

MUST vaccinate by the end of 28 weeks of age²

6

MONTHS OF AGE – 3RD DOSE

Appointment Date

MUST vaccinate by the end of 32 weeks of age²

Talk to your doctor now before your baby gets too old to receive the vaccine.
